Climbing frames with soft landing base, basketball stands etc.	£3134.00
Golf putting area (artificial grass)	£2835.00
TOTAL	£8224.00

AIMS/IMPACT

The spend outlined above has allowed us to meet certain aims set out in our School Development Plan:

- Improving health and physical development in Early Years.
- Widening participation in sport throughout the school, with an inclusive base; done mainly through the development of gymnastics. Participation rates are high; over 100 children have participated in extra-curricular gymnastics in the past year. Our Year 2 team won the inaugural Liverpool championship for this age group; our Year 3/4 team also became Liverpool Champions.
- We have also tried to increase the width of sporting opportunities we offer. Our volleyball and golf projects are examples, and we are developing these sports by engaging coaches and improving resources and equipment to facilitate a good base of participation to build upon.
