

St Patrick's Catholic Primary School

PE and Sports Premium Allocation and Spending 2015-2016

Background

With the success of the London 2012 Olympics and Paralympics, the government wanted to ensure that we were nurturing the next generation of Olympians. The government were mindful that this must begin in schools. In order to achieve this, the provision of PE and sports in primary schools had to improve. Additional grant funding of £450 million was made available for the 3 academic years of 2013/14, 2014/15 and 2015/16.

At St Patrick's Catholic Primary School, we believe that sport plays a crucial role in the contribution to the health and well being of our children. We also believe that sporting excellence and participation go hand in hand with academic standards. We are very proud of our sporting achievements across the school and as a school we offer a wide range of extra curricular clubs and opportunities to participate in competitions. In February 2015 we successfully gained the prestigious AfPE award and once again achieved the Healthy Schools Award in June 2016.

Purpose

This document will outline our intended expenditure of the allocated PE and Sports Premium grant for academic year 2015-2016. It will also outline the intended impact the expenditure will have on the children.

2015 - 2016 PE and Sports grant allocation and intended expenditure

Based on the government funding formula of £8,000 per school and £5 per eligible pupil we are expecting a grant of approximately £9,200. The school will also use some of their funding and pupil premium grants to assist with the below projects.

Schools are free to determine how best to utilise this funding to improve the quality and breadth of PE and sport provision, including increasing participation so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

The following table outlines how St Patrick's Catholic Primary School has committed the funding to the following initiatives:
