1	anonymous	he speech has improved since he started reception and you have helped with his phonics
2	anonymous	He looks forward to phonics class and playing with his friends.
3	anonymous	Settling in period was good, my daughter felt happy and relaxed from the first day which was relieving for both her and us as parents. Majority of staff are brilliant, positive and approachable. A family feel about the school on a whole, feel very welcomed coming into school for parents evening, assembly's and other events. Also it is brilliant being updated each week with the news letter/emails we receive for someone who has a lot to juggle, reminders in the newsletter and through the week are great.
