

Subject	Learning	Resources, Trips and Visitors
RE	<p><b>To the Ends of the Earth</b></p> <p>During this unit the children will:</p> <p><u>Understand</u> Retell with increasing detail one of the following accounts: the Road to Emmaus (Lk 24:13-35), the Promise of the Spirit and the Ascension (Acts 1:1-11), Pentecost (Acts 2:1-4). Simply sequence the story of Jesus studied from earlier branches (as Luke does in Acts 1:1). Make simple connections between the mission of the Church and the mission of Jesus as he announced it at the beginning of Luke's Gospel (Lk 4:16-19). Recognise that Catholics celebrate the Ascension of Jesus and Pentecost on special days called holydays.</p> <p><u>Discern</u> Imagine how the apostles felt during the events following the Resurrection. Talk about the different ways experience of the Holy Spirit is expressed in some of the stories from the Bible they have heard across the Year One branches (e.g., 'God's spirit hovered over the water' (Gen 1:1), a shadow in the Annunciation (Lk 1:35), or wind and fire in Pentecost (Acts 2:1-4)). Look at and discuss ways the Holy Spirit is described in art or music. Listen to and ask questions about the experiences of how others celebrate Pentecost in different places and cultures.</p> <p><u>Respond</u> Think about why prayer is an important part of life for many people. Hear the words of the Glory Be and hymns that reference Father, Son, and Holy Spirit and joining in prayerfully if they choose to do so. Consider how Christians announce the Gospel to others through their words and actions.</p>	<p><b><u>Ideas for the weekend:</u></b></p> <p><b><u>Trips:</u></b></p> <p><b><u>Resources:</u></b> The Bible</p>
English	<p><b>The Secret of Black Rock</b> (Joe Todd Stanton) To retell the story of Black Rock. Diary entry.</p> <p><b>The Last Wolf</b> (Mini Grey) Hunting Narrative Recipe</p>	<p><b><u>Ideas for the weekend:</u></b></p> <p><b><u>Trips:</u></b></p>
Maths	<p><b>Numbers to 100</b> Children will recognise numbers to 100. They will be able to count to 100 and find one more and one fewer and ten more and ten fewer than a given number. They will use a range of different manipulatives to represent numbers.</p> <p><b>Addition and Subtraction within 100</b> Children will apply the addition and subtraction strategies we have used previously and apply these to addition and subtraction within 100.</p> <p><b>Money</b> Children will learn to recognise the value of different coins and notes. They will be able to compare different amounts of money and will begin to explore how money is used in the real world.</p> <p><b>Multiplication and Division</b> Children will learn how to create and use arrays for multiplication. They will explore how to group and share to divide. They will apply these skills to solve multiplication problems. They will also begin to connect multiplication and division to doubling and halving.</p> <p><b>Capacity and Volume</b> Children will begin by comparing different capacities and will look at measuring volume using non-standard units. As the unit progresses they</p>	<p><b><u>Ideas for the weekend:</u></b></p> <p><b><u>Trips:</u></b></p> <p><b><u>Resources:</u></b></p>

Summer Parent Map Year 1  
2024-2025

	will be introduced to some standard units of measure and begin to look at how to use them accurately.	
<b>Science</b>	<b>Plants</b> Throughout this unit the children will learn about a variety of plants. We begin by exploring trees, looking at their structure and the difference between deciduous and evergreen. We will also explore a range of different flowers, and the children will be able to identify different parts. We will also plant seeds and bulbs and observe their growth over time.	<b><u>Ideas for the weekend:</u></b> <b><u>Trips: Sefton Park Palm House</u></b>
<b>Geography</b>	<b>Australia</b> The children will learn about Australia and will begin to compare it to where we live. They will explore the physical features of Australia and will explore the different animals that may live there.	<b><u>Ideas for the weekend:</u></b>
<b>History</b>	<b>Healthcare Heroes</b> We will explore how healthcare has changed over the years and will learn about some of the people who had an influence on this change.	<b><u>Ideas for the weekend:</u></b> <b><u>Trips:</u></b> Local Area Walk with this focus.
<b>ICT/Computing</b>		<b><u>Ideas for the weekend:</u></b>
<b>Art</b>	<b>Self Portraits</b> The children will be learning about the artist 'Henri Matisse'. They will use a variety of different skills to create self portraits.	<b><u>Ideas for the weekend:</u></b> <b><u>Resources:</u></b>
<b>Design and Technology</b>	<b>Food - Teddy Bears Picnic</b> The children will develop skills to make a sandwich for the teddy bears picnic.	<b><u>Ideas for the weekend:</u></b>
<b>PE</b>	<b>Fundamental Skills</b>  Children are working on developing their fundamental skills such as throwing and catching.	<b><u>Ideas for the weekend:</u></b>  <b><u>Resources:</u></b>
<b>Music</b>		<b><u>Ideas for the weekend:</u></b> <b><u>Trips:</u></b>
<b>PSHCE</b>	Over the summer term children will learn about family relationships. They will learn about the importance of caring for others and being kind. They will also begin to understand how to be safe and responsible with money. They will look at how to keep themselves safe in the sun and also look at road safety.	<b><u>Ideas for the weekend:</u></b>
<b>Spanish</b>		<b><u>Ideas for the weekend:</u></b>
